C.C.D. 3920 COMMONWEALTH OF MASSACHUSETTS

Essex, ss. County Commissioners

October 6, 1970

RESOLVED: That the common convenience, benefit and necessity of the Inhabitants of the County of Essex requires that the County Commissioners for said County take in fee for the purpose of maintaining, improving, protecting, limiting the future use of and otherwise conserving a parcel of land located on Mill Street, Middleton, Massachusetts, supposed to be owned by Owners Unknown, said parcel being more particularly described in the following paragraph:

ORDERED: That the said County Commissioners, as authorized by the General Laws, Chapter 698 of the Acts of 1967, and acting by and under the provisions of Chapter 79 of the General Laws, and by every other power and authority thereto enabling, do hereby take for conservation purposes, the ownership in fee simple of the following described parcel of land located in Middleton, Massachusetts, and supposed to be owned by Owners Unknown, comprising approximately 11.7 acres and being shown on a plan to be filed herewith entitled "County of Essex, Massachusetts, Plan of Land in Middleton, Mass., Taken Under the Authority of Chap. 34, Sec. 25 of the General Laws for Conservation Purposes, James R. Carlin, County Engineer, Oct. 6, 1970, Scale 1" = 100'", said parcel being bounded westerly by Mill Street about one hundred forty three (143) feet, northwesterly by land now or formerly of Upham about fifty (50) feet, westerly again by land now or formerly of Upham, Larson and Hartshorn about three hundred twelve (312) feet, northerly and easterly by land of the County of Essex on several courses about six hundred twenty three (623) feet, northwesterly by Emerson Brook and land of the County of Essex about three hundred forty five (345) feet, easterly by the center line of the Ipswich River about nine hundred twenty (920) feet, southerly by land now or formerly of Fuller about fifty seven (57) feet, westerly and southerly on various courses by land now or formerly of Cameron about twelve hundred ninety two (1292) feet, the said parcel containing approximately 11.7 acres.

The taking of said parcel has been approved by the Mass. Department of Natural Resources and the Middleton Conservation Commission, as required by Chapter 698 of the Acts of 1967, said approvals to be filed herewith.

The said Commissioners award as damages sustained by the following persons in the taking of said property as follows:

Owners Unknown $300.00

IN TESTIMONY WHEREOF, we have hereunto set our hands this sixth day of October in the year of our Lord One thousand nine hundred and seventy.

MIDDLETON CONSERVATION COMMISSION

Town Hall

Middleton, Mass.

At a regular meeting of the Middleton Conservation Commission, held on April 14, 1970, at the Town Office Building, Middleton, Mass., at 8:00 P.M., a quorum being present, it was voted to approve the taking by eminent domain by the Essex County Commissioners, for conservation purposes, of a parcel of land owned by Owners Unknown located on Mill Street, Middleton, comprising about 11.7 acres, as shown on a plan filed in the office of the County Engineer, Court House, Salem, Mass., entitled "County of Essex, Massachusetts, Plan of Land in Middleton, Mass., Taken Under the Authority of Chapt. 34, Sec. 25 of the General Laws for Conservation Purposes, James R. Carlin, County Engineer, Scale 1" = 100'".

Dear Henry: Re. Middleton Conservation Land

I am enclosing plan and certificate for members of the Conservation Commission to sign concerning the Owners Unknown parcel on Mill Street.

Will you please return the signed certificate to me at your convenience.

Best of luck in your fight to keep the skating rink off the river bank.

Yours truly,

James R. Carlin
County Engineer

Mr. Arthur W. Brownell, Commissioner
Dept. of Natural Resources
100 Cambridge Street
Boston, MA 02202

Dear Sir:

On behalf of the Essex County Commissioners, and in accordance with the provisions of Chapter 698 of the Acts of 1967, I am requesting the approval of your Department to the acquisition of land in Middleton, Mass. by the County of Essex for conservation purposes.

1970

The subject land is shown on the enclosed plan and comprises 11.7 acres±. The entire area is swampland and under water a good part of the year.

It is planned to take this area by eminent domain because the owners cannot be determined.

A diligent search by both this office and the Middleton Conservation Commission has not been able to determine the owner.

It is also planned to hold a public hearing on this taking and all of the requirements of Chapter 79 will be complied with.

This land adjoins conservation land acquired last year by the county.

I am also enclosing a copy of the approval of the Middleton Conservation Commission.

Yours truly,

James R. Carlin
County Engineer

August 21, 1970

To the Commissioners of Essex County

Gentlemen:

To continue the program of your board in conserving and protecting lands along the Ipswich River, I would like to recommend that the County of Essex acquire, by eminent domain, a parcel of land on Mill Street, Middleton, for conservation purposes.

The ownership of this land cannot be determined, so the taking must be made from Owners Unknown.

The parcel is comprised of 11.7 acres of swampland on the Ipswich River and adjoins the property purchased last year from the Curtis heirs.

It abuts Mill Street near the Knife Mill Pond, is bisected by Emerson Brook, and includes the junction of the brook and the river.

In my opinion, the acquisition of this parcel is essential for the protection of water supply sources, wildlife and for flood control.

If your board takes favorable action on this recommendation, I further recommend that Mr. Francis F. Perry, Haverhill Road, Boxford, be engaged to appraise this parcel for a fee not to exceed $35.00, as the first step in the acquisition of this property.

Respectfully yours,

James R. Carlin
County Engineer

JRC/C

August 28, 1970

Mr. Francis F. Perry
Haverhill Road
Boxford, Massachusetts

Dear Mr. Perry:

The County Commissioners, at their meeting of August 25, 1970, voted to engage you to appraise the 11.7 acre conservation land on Mill Street, Middleton, for a fee not to exceed $35.00.

This parcel is almost entirely swampland and since the ownership cannot be determined we plan to make a taking by eminent domain and make an award to "Owners Unknown".

Since this award will be deposited in a bank, and it seems unlikely that it will ever be claimed, I suggest that the award be a conservative amount.

I am enclosing a print of the parcel. If you have any questions, please call me.

I hope that you can give this your earliest attention.

Yours truly,

James R. Carlin
County Engineer

Sept. 15, 1970

Mr. James Carlin, County Engineer
Office of County Engineer
Court House, Salem, Mass. 01970

Dear Mr. Carlin:

As authorized by your letter dated August 28, 1970 I am pleased to submit you my appraisal of the estimated fair market value of 11.7 acres of land located on Mill Street in Middleton, Mass. as outlined on plan submitted by you.

As this land is almost entirely wet lands which border Emerson Brook the utilization of this property would be extremely limited. I therefore feel that a price of Twenty-five Dollars ($25.00) per acre would be a fair appraisal for this property.

Very truly yours,

Francis F. Perry

September 28, 1970

To the Commissioners of Essex County

Gentlemen:

To continue the program of your board in conserving and protecting lands along the Ipswich River, I would like to recommend that the County of Essex acquire, by eminent domain, a parcel of land on Mill Street, Middleton, for conservation purposes.

The ownership of this land cannot be determined, so the taking must be made from Owners Unknown.

The parcel is comprised of 11.7 acres of swampland on the Ipswich River and adjoins the property purchased last year from the Curtis heirs.

It abuts Mill Street near the Knife Mill Pond, is bisected by Emerson Brook, and includes the junction of the brook and the river. In my opinion, the acquisition of this parcel is essential for the protection of water supply sources, wildlife and for flood control.

This parcel has been appraised by Mr. Francis F. Perry as having a value of $25.00 per acre, and on this basis I recommend that you award $300.00 to Owners Unknown for this taking.

The acquisition of this parcel for conservation purposes has been approved by the Middleton Conservation Commission and the Massachusetts Department of Natural Resources, as required by Chapter 698 of the Acts of 1967.

Respectfully yours,

James R. Carlin
County Engineer
